understand how such a situation had developed.

No further explanation was forthcoming from the White House or from members of the American delegation, but it was declared in State Department circles that there existed no question of the attitude of the American government. The interpretation of the American declaration, it was said, holding that the treaty does apply to the major Japanese islands, stood as the official American view.

ATTACK LAUNCHED.

Treaty opponents in the Senate launched another attack, which centered about yesterday's White House statement. Senator Reed, Democrat, Missouri, declared that the difference of view between the President and the American plenipotentiaries was new proof that the treaty had been drafted so as to defeat the League of Nations.

At tomorrow's meeting, there may also be a presentation of Great Britain's plan for total abolition of the submarine. At first, British delegates had suggested that they lay their case before a plenipotentiary, but it was decided that the more practical course would be to start the discussion in executive session. The statement being prepared by Lord Lee, however, probably will be made public after it has been laid before the committee.

FRAN STUBBORN FIGHT.

British delegates, although apparently not intending to press their request to the point of greatly prolonging the conference, have prepared to make a stubborn fight at least for a great reduction in the submarine strength and have suggested their plans for leaving the United States on December 31. They now expect to depart about the middle of January.

The French have not revealed what submarine tonnage they will request, but it is known figures running as high as 10,000 tons have been under consideration by the delegates. That would be more than double the present strength of the French submarine fleet, and it is high that there seems little doubt it would meet determined opposition.

It has been hinted that in any final settlement of the auxiliary question, a large submarine ton-

## POLITICAL FOES EMBRACE.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, Dec. 21.—Ambassador George Harvey and his wife, who arrived in London yesterday, met and dined with the French ambassador, M. Colby, Secretary of State under President Wilson, and other political figures.

With some show of feeling, Mr. Colby applied to the Ambassador's plumed dinner allusion to the "too proud to fight" slogan, saying that the Army sent to France constituted the best testimony of the inaccuracy of that "much played upon, distorted and misinterpreted aphorism."

LEAGUE STILL LIVES.

He said he belonged to that section of opinion in America which would have approached the problem before the Washington conference with a "little more dash and spirit and less hesitancy," and added, "I believe that the League of Nations still lives."

He informed, however, the Washington plenipotentiaries, as steps in the right direction.

Mr. Harvey assured his auditors he had not come to the banquet to

negotiate for France might be balanced by a large grant and a strong loan for Great Britain, because she is the nation who suffers most from submarine.

A tonnage in submarines of 10,000 tons for Great Britain and the United States and 15,000 for Japan was suggested in the original American limitation plan, but there is no evidence that the American delegation regarded that as inflexible. It has been indicated, however, that the Americans would feel compelled to stand out against the British request for abolition of the submarine altogether. A report of the American advisory committee that the submarine be retained under revised rules for its use.

NOT INFLEXIBLE.

The American naval experts are studying all questions of auxiliary naval arms as colored by the national needs of the various powers and it is certain when the question comes up for final discussion in the conference, the American delegation will be prepared to apply it to the broadest possible construction.

Although not holding membership on the naval committee, The Netherlands delegates have communicated their views on the submarine question to conference officials and they have been formally under consideration. It is pointed out that before the final decision is reached, the smaller powers will have an opportunity to express their views.

When a plenary session will be held and the question whether there will be a recess of more

## TELLS WHY VON SPEE LEFT CHINA.

(BY CABLE AND ASSOCIATED PRESS.)

BERLIN, Dec. 21.—The much discussed reason why the late Admiral Von Spee, commander of the German Asiatic squadron at the outbreak of the war, sailed for the west coast of South America from China, is explained in the first volume of German history, "War on the Sea, 1914-1918."

The history says that after Von Spee became convinced war with Japan could not be staved off, he decided to evacuate Kiaochow, where he believed he had little chance of success in a fight with the Japanese fleet, and proceeded across the Pacific.

New Waiver Rule a Boon to Diamond Sport.

Last Team in League Given the First Choice.

BY R. W. (TINY) MAXWELL.  
(SPECIAL REPORTER.)

PHILADELPHIA, Dec. 21.—Baseball magnates occasionally burst forth with an exhibition of real sense that almost stamps them as human beings.

During the recent meetings in New York they came through a couple of times in this fashion and handed the good old game one of the best reforms it has ever known. That applies to the waiver rule. For years, when a player was let go by a team, he was given a choice of teams. The first team to pick him up was the one that was to be given the first choice.

There was no sense about it, no pride or sense of honor, and most of the time the players were grabbed up by teams that did not really need them. They were given a choice of teams, but they were not given a choice of teams that were really interested in them.

**FIRST CHOICE.**

Now the rule is to the effect that the last team in the league gets the first choice of the waiver rule.

It is a sensible thing to do. At the present time the two Philadelphia clubs have the most chance of benefiting under this system. But that does not enter into it.

The team that is weakest should be strengthened wherever possible under such conditions.

Then, however, the team are a sore spot in baseball, and the same thing applies to the minor leagues. They rarely make any money, and when they do it is because they share in the spoils of the major league.

The other teams are the drawing cards, and the other teams are the drawing cards.

**OUT OF BUT.**

Very often it has happened that the acquisition of some player who was of no real value to another team has led to a mediocre array and lifted them out of the run.

Probably the top eight teams in the history of the game have ever been made of so many waived and discarded players as were the old Boston Braves of 1914, who romped through the National League to beat the Giants in 1914 by that mad dash through July, August and September. On top of that, that bunch of misfits, discarded players and players who were out of the league in 1914, won the championship of the National League.

It is doubtful whether there will be any waiving of players with any ability at all during the coming season, so far as dropping them out of the league is concerned.

Too many teams are in desperate need of players to take chances on any man who might show form getting out. The majors need players now more than ever before.

**MAY MATCH FAMOUS SPEED BOATS HERE.**

(SPECIAL REPORTER.)

CHICAGO, Dec. 21.—Efforts are being made to arrange a match race between Miss Chicago and Miss Los Angeles, two of the world's fastest power boats. The former is owned by Commodore Sheldon Clark and a syndicate of Chicagoans, the latter by Dustin Farnum, the movie star.

Miss Chicago holds the Webb trophy cup, representing the championship of the Mississippi Valley Power Boat Association, the silver trophy for the Great Lakes title and the world championship for single-engine boats. All three titles were won this season by Commodore Clark. Miss Los Angeles is a possession of the Nordlinger trophy, on November 18, at Los Angeles, and it represents the Pacific Coast speed championship, held for some seasons by Mr. Farnum.

Football offers a greater thrill than the successful kick, which even exceeds the kick from placement, the latter play being more involved and technical, and to the writer's way of thinking, calling for less actual skill on the part of the kicker.

Bill Steers gave a lot of us twin thrills when he twice shot the ball between the Harvard goal posts after two failures. Then after Steers was knocked out, the three tens moments when "Buck" Mason, a veritable sharp-shooter in practice, literally overwhelmed with the momentary knowledge that victory depended on his foot, the kick was purchased by the Giants for \$75,000.

(BY A. P. MOTT WIRE.)

## TEE, FAIRWAY AND GREEN

GOLFER'S HALL OF FAME.

Walter J. Travis bears to golf the same relation that his fellow Australian, Bob Fitzsimmons, bears to the squared circle and the padded mitt.

Travis has won from the game some very remarkable distinctions and at the same time he contributed to the sport an influence that might almost be called a school. We have our schools of thought, literature and art—why not of golf?

## CLUB FIVE TO BE SEEN IN ACTION.

Mercury Quintet Takes on Santa Clara Basketers in Opening Game.

Santa Clara's demon basketball squad, composed of seventeen athletes, will roll into town some time this morning, and make their initial bow in Southern California basketball circles when they play the L.A.A.C.'s crack five tonight on the club court.

Their game this evening will be the first of a series of contests that has been arranged for the northern while they linger in our midst, their program including games with Fresno, Occidental, Redlands, Whittier, Caltech and two with the Athletic Club.

Bill Truener, our worthy sheriff, will help to get things started right by tossing up the ball that will start the game.

Santa Clara has an exceptionally strong quintet this year, having been reinforced by several players of the fast Livermore five of last season.

Coach Stinson, who has developed teamwork to a fine point, believes that the quintet will be able to hold its own against the best teams in the West.

Between halves the spectators will be entertained by a series of stunts, and the game will be called promptly at 8 o'clock, is open to the public.

**BASEBALL NOTES.**

Red Killefer, freshly signed manager of the Angels, is expected to land in these parts today, and should be able to tell of the progress of the St. Louis deal.

If it is true St. Louis has offered outfielder Heathcote, catcher Dillinger and pitcher Bailey for pitcher "Al" Aldridge, it would be a good deal to make.

The close rivalry now on by E. L. Root will again be short for during the Christmas day shoot, which will be at 100 targets. A record crowd is expected to turn out for the event.

Joe Patrick is the only baseball player in town. William Wrigley, Jr., is expected to return about the 25th and will be followed by William Veeck. President Walter will not return until January 4.

Bill Rusk will show up at the park yesterday, according to Secretary Lorenz. Probably Bill didn't want to risk a cold.

Secretary Weber is suspected of having been caught in the act of writing a letter to the manager of the Angels, and he has been recommended some good ones.

**MANAGER RUSSELL ANNEXES HEAVIES.**

(BY A. P. MOTT WIRE.)

SEATTLE, Dec. 21.—Jack Russell, manager of the Angels, is on his way today to Los Angeles, where he expects to be joined soon by two promising heavyweights, Tiny Herman, 215-pound Tahoma battler, and Joe Harrah, the "Beast" of the Harp.

Russell said he expected to arrange bouts for them throughout the South.

Monk Power, New Orleans heavyweight, who has appeared in several fights recently, and is bound for Southern California. He said several matches had been arranged for him.

PORTLAND, Ore., Dec. 21.—Application of Frank Jones and Larry Schroeder, former pitchers of the Portland Pacific Coast League, for reinstatement in organized baseball has been denied by Judge E. M. Landis, national baseball commissioner, according to word received here today.

Schroeder, who jumped the Portland team in 1920 and played with independent teams in California recently, asked to be reinstated.

PHILADELPHIA, Dec. 21.—The eight-round bout between Lew Tendler, Philadelphia lightweight, and Barney Adair, of New York, scheduled to be held here Christmas eve, has been cancelled. It was announced today.

**JAP TENNIS STAR TO BE NEW YORKER.**

(BY A. P. MOTT WIRE.)

SAN FRANCISCO, Dec. 21.—Zenzo Shimada, Japanese tennis star, who competed in the Davis cup tournament last summer, is to be transferred to the New York branch of the Mitsu syndicate, by whom he is employed, according to a Japanese newspaper reaching here.

Shimada will remain in Japan two or three months before leaving for his new post.

**TO BOOM SNOW SPORTS.**

(BY ASSOCIATED PRESS.)

NEW YORK, Dec. 21.—Sweetened adepts of the ice skating, snow shoe and ski predict this season will bring the greatest boom in winter sports since the carefree days before the war.

Outdoor ski jumping, fancy skating, snow shoe racing and curling are scheduled for January and February in many parts of up-State New York, New England and Canada, including the championship skating meets at Lake Placid and Newburgh.

Lake Placid has added to its usual winter activities a special college meet to be conducted December 21 under the auspices of Sno-Birds, Winter Sport Club, for which President Harding has offered a cup. The purpose of this meet is to develop athletes to represent America in the ice and snow events at the next Olympics.

Fordney Scores Importers in Tariff Debate.

(BY A. P. MONT WIRE.)  
WASHINGTON, Dec. 21.—Replying to Chairman Fordney of the Ways and Means Committee, who today in the House denounced importers for their opposition to the American valuation plan as incorporated in the tariff bill, Representative Oldfield, Democrat, member of the committee, declared that the proposed import duty on hundreds of articles under the American valuation plan would be prohibitive.

"The American people," he said, "do not want a prohibitive tariff; no one does, except those who would be especially benefited. I had not thought until recently that the Republicans would be so foolish as to place the American valuation plan in our tariff law."

Mr. Oldfield's remarks precipitated a lively debate with Mr. Fordney. Representatives Mann, Republican, Illinois; Reuben, Republican, Kansas, and others participating.

Charles that importers, through misleading propaganda, were attempting to delay or defeat tariff legislation, and to accomplish this end were entering an attack on the American valuation plan were made by Chairman Fordney. He declared that American valuation was the "logical solution of the present-day economic condition."

"Opposition to the pending tariff measure is really treason," asserted Mr. Fordney, "not to the American producer, not to the man who deals in the products, but to the man who produces abroad and the man whose chief interest is in bringing the product of cheap foreign labor to the American market."

Mr. Fordney declared he had discovered that the department store that is leading the fight against American valuation, and is "one of America's largest importing establishments," retailed here for \$5 each, knives bought in Germany at 9 cents. The enormous profits also are made on a variety of other articles imported from countries where production costs are low.

"Congress is endeavoring to write a tariff law and the declared object is to protect American industries," Mr. Fordney said, "in advocating haste in passage of the tariff bill now in the Senate."

INTERESTS OF STATE PROTECTED BY BILL.  
SENATOR SHORTRIDGE SAYS SOLDIERS' BONUS MEAS. WILL BE PASSED.

(BY A. P. MONT WIRE.)  
OAKLAND, Dec. 21.—Assured the people of California that their interests will be protected through the Fordney tariff bill, and that the success of the Limitations Conference is obvious, Senator Shortridge, one of the party escorting the body of Congressmen J. A. Thurston, delivered a brief statement of affairs in Washington here today.

According to Shortridge, the ratification of the limitations treaty by the United States Senate depends largely on the immigration sections of the treaty. He said that all wished for the passage of the treaty, but that any treaty must define the rights of the foreigner, and this section is of prime importance to the Senate.

Shortridge explained that every step was being taken to protect in the Fordney bill the interests of this State. Special attention is being paid to long staple cotton, being raised in Imperial Valley, and which tobacco, now one of the principal industries of this State. Other items under consideration are nuts and citrus fruits, wool and cattle.

The Senator announced that the soldiers' bonus bill failed of passage because its introduction at that time was a financial blunder, but assured the soldiers that the bill will be passed and operative on July 1, the original date set for the operation. In regard to the Alameda naval base, he stated that talk of this is overshadowed by the Arms Limitations Conference.

GERMAN REVOLTER IS SENT TO PRISON.  
FORMER BERLIN POLICE COMMISSIONER GIVEN FIVE-YEAR TERM.

(BY CABLE AND ASSOCIATED PRESS.)  
LEIPZIG, Dec. 21.—Dr. Traugott von Jagow, former Berlin police commissioner, was sentenced to five years imprisonment today by the Federal Supreme Court for the part he played in the Kapp revolt of March, 1920, which temporarily overthrew the Ebert government. His sentence stipulates that his imprisonment be served in a detention fortress.

Baron Von Wagenheim and Dr. Schiele, co-defendants, were acquitted.

Dr. Traugott von Jagow, just sentenced for his part in the Kapp rebellion, should not be confused with Dr. Gottlieb von Jagow, former German war-time Foreign Minister. Dr. Traugott von Jagow was Minister of the Interior under the short-lived Kapp regime.

## REVOLTS BY BOLSHEVIKI ARE HINTED

Paris Communists Say Capital of Austria Will be Taken Over Soon.

(BY CABLE-ASSOCIATED PRESS.)  
PARIS, Dec. 21.—Among the Communists in Paris just now there is a great deal of talk that a revolution planned by the Russian, Hungarian and Austrian Bolsheviki will break out in Vienna shortly after New Year's. The riots of December 1, it is stated, were only a preliminary outburst, arranged partly with the idea of showing the masses their strength and partly to shake confidence in the government.

The next outbreak is intended to complete the task which will be only too easy in a country where the people have been living for three years on deferred hope. Organization of the revolt has been, it is stated, almost completed, and it is anticipated that the Communist forces will take over the city almost without resistance, though some killing will be inevitable.

In Vienna itself the situation is known to be critical, and some time ago, M. Schoeber, the Premier, intimated to the Allies his intention to resign and abandon his country to the Communists if the plans which have been so long suggested for the recovery of Austria were not put into effect before the beginning of the year.

Six months ago Great Britain and France promised to advance \$100,000 each to the Austrian government on account, while the plan of the League of Nations were being put into effect. England, it is understood, has fulfilled its share of the bargain, but France has not yet authorized disbursement of the sum, though the actual cash is in a bank in Vienna awaiting decision.

## FORMER ATTORNEY SENTENCED TODAY.

CONFESSION TO CRIME, SAY OFFICERS, AND ADMITS HIS IDENTITY.

(BY A. P. MONT WIRE.)  
OAKLAND, Dec. 21.—Arthur Bullock, alias R. A. Nelson, who is in jail here charged with passing fictitious checks, admitted today that he is Edgar H. Larson, former District Attorney of Plute county, Utah, and confessed to the crime. He will come up tomorrow for sentence from one to fourteen years in the State's prison.

Larson was arrested under an assumed name here in September and charged with cashing a worthless check for \$100. The discovery that he was at one time a prominent member of the Utah bar, and that he is also the possessor of a long criminal record, was effected by a national detective agency. Since his election in Plute county in 1915, according to the agency, Larson has been arrested five times. Each time he has escaped with probation, or was pardoned, according to the agency.

MIDDLE WEST NEWS IN BRIEF.  
DENVER, Dec. 21.—A huge  
Christmas tree, the largest ever set  
up here at Christmas time, was  
brought to Denver from the moun-  
tains. It is sixty-eight feet high  
and twenty feet in diameter and  
will be electrically illuminated on  
Christmas Eve.  
Disbursements totaling \$11,345-  
85 will be made for road con-  
struction and maintenance pur-  
poses in Colorado next year, ac-  
cording to the budget drawn by  
the State Highway Advisory  
Board.  
That there is the possibility in  
Denver of a flood disaster as great  
as that which devastated Pueblo  
last June is the belief of J. B.  
Morgan, one of the nation's fore-  
most engineers, who now is direct-  
ing a study of the Colorado river  
to prevent a recurrence of the  
Pueblo and Dayton, O., catas-  
trophes.  
Mrs. Lucile Beaman, widow of  
D. C. Beaman, former vice-presi-  
dent of the Colorado Fuel and  
Iron Company, is dead in Oka-  
rumpa, Iowa.  
DES MOINES, Dec. 21.—Des-  
 Moines yesterday was re-labeled  
as Chief of Police by the City  
Council after having been ousted  
by that body.  
Churches, business men and  
women's clubs will unite in the  
New Year field campaign which  
is to open in Des Moines on Janu-  
ary 1.  
The Lincoln Transportation  
Company has established a bus line  
between Carroll and Boone, and  
the buses have just made their  
first trip.  
The agitation which has arisen  
in favor of burning corn should be  
viewed with caution in the opin-  
ion of J. W. Alsworth, secretary  
of the Des Moines Board of Trade.  
OMAHA, Dec. 21.—Akron un-  
employment is on the wane and the  
boys are going back to the mills.  
And their savings change is going  
into the savings banks where it  
will do the most good to swell the  
current of prosperity.  
The opening of the Forge-street  
viaduct, now under way, will give  
Akron people another highway  
outlet to Kuyahoga. Daily Tall-  
madge, Youngstown and all points  
east.  
ST. LOUIS, Dec. 21.—It is  
learned that Circuit Clerk Nat  
Goldstein will announce that he  
would not be an applicant for the  
appointment of postmaster of  
St. Louis, favors the appointment  
of Louis Alt, former license col-  
lector of St. Louis for the post-  
mastership.  
Police and postal inspectors  
have begun a search for the  
sender of a box of poisoned candy  
to Miss Laura Spies, a telephone  
operator. An analysis showed the  
box contained a deadly poison.  
Three bandits held up Edward  
Edwards, negro messenger for the  
Choteau Trust Company while he  
was on a street car yesterday and  
escaped with a satchel containing  
\$2150 of the company's funds.  
MINNEAPOLIS, Dec. 21.—  
Minneapolis skaters yesterday for  
the first time this winter had an  
opportunity to get into action.  
State Forester Cox in his an-  
nual report says that 1921 has  
seen 941 forest and game fires in  
Minnesota, the dangerous season  
opening earlier and lasting longer  
than in any previous year.  
Minneapolis will have a memo-  
rial to sailors of the world war as  
soon as the Women's Naval Ser-  
vice, Inc., is supplied with abou-  
satisfactory for holding the label  
which they are about to order.  
KANSAS CITY, Dec. 21.—Fifty-  
four soldiers were given jobs  
yesterday by the American Legion.  
Red Cross employment bureau.  
Fifteen were employed permanently  
and thirty-nine temporarily.  
Kansas farmers who have been  
pleading for cash in the past week  
report that the ground is well filled  
with moisture from the recent  
snow, which they say is a surprise.  
The freeze of the last few nights  
will stop the plowing for a time.  
OMAHA, Dec. 21.—I wanted to  
keep the women away from me, so  
I shot in the air to scare them,"  
Ernest Benson, newspaper man,  
says he hails from Colorado, told  
police when arrested for discharg-  
ing firearms in the street.  
Vincent (Vim) Starr, sole of  
one of Omaha's pioneers, and once  
well-to-do families, is dying at St.  
Joseph's Hospital as a result of a  
myocardial infarction.  
Two new cases of smallpox were  
reported here yesterday.  
Mrs. Edgar Allen is spending the  
holidays in California.  
DETROIT, Dec. 21.—An adver-  
tising campaign to bring tourists  
to the winter resort from Detroit  
to Mackinac will be  
launched in the spring. An ap-  
propriation of \$15,000 will be  
raised for that purpose.  
Three important organizations  
now are interested in bringing  
settlers and farm buyers to Michi-  
gan next year. Farm colonization  
will be conducted along well organ-  
ized lines.  
Mr. and Mrs. R. H. Collins are  
enjoying in Pasadena.  
Mrs. Arthur E. Schreiner is  
making a stay of several weeks in  
California.  
INDIANAPOLIS, Dec. 21.—The  
appointment of C. A. Terhough  
of Crawfordsville as State secretary  
of the Indiana Y.M.C.A. to succeed  
E. Stutz, who resigned in August  
after thirty-three years of service,  
was announced.  
Jeremiah P. Cronin, aged 62,  
State representative from Wells  
and Blackford counties and presi-  
dent of the Citizens State Bank of  
Hartford City, is dead.  
Three joyriders, inspired, the po-  
lice say, by the much "white male,"  
caused police and employees of the  
Indianapolis Street Railway Com-  
pany a few hours of worry early  
today when they "borrowed" a  
street car left parked on a track  
on Georgia street and made an un-  
scheduled trip.  
MILWAUKEE, Dec. 21.—A  
shift in the controlling interest in  
one of Milwaukee's oldest breweries  
will occur next week when Col.  
Guastave Faber and Henry Dan-  
schefsky, for years leading lights in  
the Pabst Brewing Company, will  
formally resign their positions as  
president and vice-president, re-  
spectively.

and spare ribs does not mean much  
to John Becker, Greenville farmer.

(BY A. P. MONT WIRE)  
WASHINGTON, Dec. 21.—Satis-  
faction with conditions in Haiti  
and the Dominican republic was  
expressed today by Senator Pom-  
erene, a member of the special  
Senate committee which visited the  
republics to investigate conditions  
and which has returned after  
spending two weeks there.  
The committee was received hos-  
pitably by the natives, the Senator  
said, although the presence of agi-  
tators was shown in proceedings  
where incendiary and demagogic  
speeches were made. Most of the opposition, he  
said, appeared to be based on the  
misapprehension that American oc-  
cupation was for destroying the re-  
publics of the two republics.  
He inspected much of the in-  
land by airplane and described as  
"marvelous" the work done under  
American direction, in road build-  
ing.  
The American occupational force  
has done excellent work, he assert-  
ed, not only in the way of road  
building, but in sanitation, hospital-  
ization and education.  
Testimony offered before the  
committee, he said, was indica-  
tive of the fact that the natives  
were well established cases of cruelty  
perpetrated by a Capt. Mervin, of the  
Marine Corps. The Captain, he ex-  
plained, had ordered the killing of  
men without trial in 1918. There  
was considerable delay in the re-  
porting of the execution, the Sen-  
ator added, but the military gov-

ordered the arrest of the Captain,  
who committed suicide. The Sen-

treatment of the natives by Ameri-  
cans by the natives himself, but  
expressed the opinion that reports

There are a dozen things you wouldn't hesitate doing, wouldn't debate upon if  
you saw good coming to you from them.  
And about your Christmas shopping—are you going to let the rain spoil it? Are  
you going to be like the Spaniard who exclaims "MANANA," meaning tomorrow, when  
asked to do something?  
If you let your common sense be your guide, you will brave the rain storm and the  
threatening clouds and come out and finish your gift list today.

## Photoplay Corporation Searches For Screen Writers Through A Novel Creative Test

The motion picture industry faces its supreme test. With its acting personnel at the artistic peak, its apparatus close to mechanical perfection, the fourth greatest industry in the world is lacking the one thing it must have—original stories.

The public has demonstrated at the box office that it wants good, original human interest stories, "warmed over" novels and plays. Professional and fiction writers have definitely failed the motion picture field. Hundreds tried—a few succeeded. They are trained for expression on the page, not upon the screen—two widely different mediums combined in the talents of a screen writer.

Original stories are being written and sold to producers at from \$500 to \$10,000.

#### People, Trained in the Creative Technique

Not everybody—only those with creative imagination and the craftsmanship of professional composition. The unusual, original person can write a scenario, no matter how long, and the gifted story teller can write his idea in Chinese characters without the technique.

How can you know whether you have creative imagination? The answer is simple. You can enter this fascinating and handsomely illustrated questionnaire.

There is no way to endow you with natural creative talent, or you have not. But if you possess the creative talent, the Palmer Photoplay Corporation, by its novel psychological home test, can determine if you so elect, the Corporation can see its action as he reads.

#### Free Van Loan Questionnaire

A scientifically exact series of psychological tests and problems, the degree of natural creative talent can be accurately determined. The vocational tests employed are of the highest accuracy. It is a highly fascinating examination is highly fascinating. It was prepared by H. H. ## POWER AUDIT STARTS CLASH.

### Board Dodges Offer to Have Council Examine Books.

### Wants to Pick Expert to Go Over Its Accounts.

### Musket Demands Square Deal in Controversy.

President Criswell and Councilman Musket engaged in an exciting debate at yesterday's meeting of the City Council, following the reading of a letter from Special Counsel Mathews of the Board of Public Service Commissioners asking permission to withdraw the board's offer to permit the Council to appoint an auditor to examine the books of the power and light bureau.

The offer was made following statements from Councilman Musket, chairman of the Council's Finance Committee, that the board had, in its annual report, misled the public by reporting that the city's hydroelectric plants and business to date show a profit of more than \$1,000,000, when, in fact, Mr. Musket asserts, under correct standards accounting the bureau's operations would show a loss of more than \$4,000,000.

Mr. Mathews stated that the proper procedure would be for the board to appoint an auditor, and then notify the Council of its action and submit a copy of the board's contract with the accountant.

#### CHARGES UNFAIRNESS

"The board's new scheme is not fair," said Councilman Musket, after Mr. Mathews' letter had been read. "The board is partisan in this matter, and should not be permitted to select its auditor to decide whether the board is correct or I am correct. I want a square deal."

Councilman Musket voted "No" on the question of permitting the board to withdraw its original offer to permit the Council to name an auditor to examine the books, but the other Councilmen agreed that the offer should be withdrawn.

#### MUSKET TALKS

After the Council meeting, Mr. Musket said: "I am not a politician. In 1917, Price, Waterhouse & Co., certified public accountants, examined the books of the Board of Public Service Commissioners. The report of that audit has never been made public. Why not? I dare the Board of Public Service Commissioners to make public the Price, Waterhouse & Co. report. During the last year, President Criswell said Councilman Musket's criticisms of the board's action in asking to withdraw its offer were unjustified, declaring that Mr. Musket was in the position of the Chairman who made tracks when the bear started after him."

#### FIGHT EXTRADITION

Iowa Asks Civil Suit, Cited Arrest Here.

Attorneys for E. M. Hilton and H. M. Overgaard, the last of whom is under arrest here, yesterday told Gov. Stephens at Sacramento that the men are wanted in Iowa to face a civil action, although they are charged with conspiracy involving forgery in the conduct of a business enterprise.

The contention will be taken under advisement, pending the arrival of extradition papers, and another hearing will be held next Wednesday. Mr. Overgaard is held here, and the attorneys agreed that Mr. Hilton would surrender himself to the Los Angeles county authorities.

## Suspect Flees to Hills After Battling Officers

With his identity known to them, squads of police officers under Capt. Home yesterday continued to search the Hollywood district for a wounded bandit shot down by Police Sergeant F. F. Stevens during a gun battle early yesterday morning, in which two other men were captured. Traces of the blood on the sidewalk showed, the police say, that the wounded man fled to the foothills near the outskirts of Hollywood.

According to Sergeant Stevens and Patrolman Niles, the fugitive was shot when the two officers engaged in a battle with a gang who were attempting to rob a fur store at 4272 Hollywood Boulevard. Leeley Plummer, alias Jack Morris, 27 years of age, and William Huff were taken into custody by the officers. Huff was shot in the leg before he was captured.

Sergeant Stevens reported to Capt. Home that the third bandit attempted to jump the fence and was hit by him with a shotgun. Stevens left the man on the sidewalk and rushed to assist Patrolman Niles, who was engaged with the other two men. When the officer returned his man was missing.

## RAINSTORM AFFECTS DIVORCE CASE TRIAL.

### HEARING CONTINUED WHEN AGED DEPENDANT BECOMES ILL.

A story with a flood element was related in Judge Summersfield's court yesterday when the divorce suit of William E. Fulton against the Clark B. Fulton was called for trial. It was related that while Mr. Fulton, who is 18 years of age, was serving in the army, he was caught in a severe cold. Owing to his advanced age, it is probable that the case will not come to trial. Judge Summersfield continued it until January 21.

It is believed the burglary was committed by the same person who previously raided several homes in the same neighborhood.

## ESTATES WILL PAY INHERITANCE TAXES.

An inheritance tax of \$1396.18 from the estate, amounting to \$170,544.73, of Felix Chappellet, will accrue to the State, according to a report filed yesterday by Evelyn P. Werner, inheritance tax attorney, in the office of State Controller Riley. Mr. Chappellet died last June 4, in this city, leaving as sole heir his widow, Mabel C. Chappellet.

A tax of \$1352.64 will be paid by the estate of Charles Edgar Krusen, who died here in May of the present year. A life interest was left, by the terms of the will, to the widow, Nina A. Krusen, and there are bequests to two sisters, Mrs. Jennie K. Evans and Mrs. Emma A. Bunn; also to a sister-in-law, Ellen M. Krusen.

## Film Man Sues Jewelers Over Necklace Deal.

Marshall A. Neelan, film man, bought a pearl necklace for \$16,000, Dec. 29, 1919, and last September 21, he asserts he learned that the necklace was not worth in excess of \$7000.

Yesterday Mr. Neelan, through Attorneys Bauer, Wright and MacDonald, brought suit against a prominent jewelry company for a recision of the sale, declaring that the necklace had been fraudulently represented to him. He admitted, he said, that he knew nothing of the value of pearl necklaces and placed confidence in the statement of the jeweler. He offered to restore the necklace to the jeweler but the offer was refused.

The complaint asks that the sale be set aside and the \$16,000 restored to him.

## REWARD IS OFFERED FOR OFFICER'S SLAYER.

### CITY TO PAY FIVE THOUSAND FOR CONVICTION OF THE MURDERER.

Mayor Cress yesterday issued the following proclamation offering a reward on behalf of the city of \$5000 for information leading to the arrest and conviction of the slayer or slayers of the late Detective Sergeant J. T. Fitzgerald:

December 21, 1921.

To the people of Los Angeles:

Pursuant to the provisions of Ordinance No. 43,818 (New Series) I hereby, on behalf of the city of Los Angeles, offer a reward of five thousand dollars (\$5000) for the apprehension and conviction of the person or persons who killed Detective Sergeant J. T. Fitzgerald, a police officer of the city of Los Angeles, and reward to be paid out of the general fund of the city of Los Angeles.

The offer of this reward shall continue for a period of one year from and after this date.

GEORGE E. CRESS, Mayor.

## BURGLARY IN HOTEL CHARGE AGAINST PAIR.

Detective Sergeant Fitzgerald was slain last spring. The police are searching for Philip Alguin, for whom a warrant has been issued charging him with the officer's death.

Ball of \$1000 was fixed yesterday by Justice Hanly for Herbert Schenck and Mary Fleming, accused of burglary, when it was stated by Dep. Dist. Atty. Gross that fifteen additional counts might be placed against them. They are charged with entering the room of E. A. Louder in a downtown hotel. Hearing was set for January 5.

**BLANCHE BLAIR**

THAT Tangle is a wonderful medicine for delicate children is conclusively proven by the remarkable results accomplished in the case of the three children shown in this picture.

Little Blanche Blair of Providence, R. I., age 13, gained 10 pounds; Regina McCabe, at right, age 7, of Scranton, Pa., gained 15 pounds; little Richard Leroy, Jr., of Philadelphia, who was very delicate, is now in fine robust health. The statements made by their parents are as follows:

Mr. A. M. Blair, residing at 30 Alwood street, Providence, R. I., said: "We are just as happy over the change Tangle has made in our little girl that we can't do or say enough to show our appreciation. She had lost nearly 30 pounds in weight and looked as frail and weak as a bird. Now she is both almost weight and color. Since taking Tangle, she has already gained 10 pounds, her color is better than it ever has been and she looks and acts like a different girl."

Mrs. Catherine McCabe, 414 Elmwood Ave., Scranton, Pa., said: "The one condition that I have no idea she would be with me now if it hadn't been for Tangle. It is a mystery to me how she lived on the little she was eating and was so listless she never even dared to play with the dolls and toys she got at Christmas. Since taking Tangle she has gained 15 pounds in weight, is so robust and well as any child could be, and I always feared Tangle for her little girl's health."

Richard Leroy, 5241 Palmetto St., Philadelphia, said: "There is no doubt in my mind but that Tangle saved my little boy's life. For two years I wouldn't have been a bit surprised if he had died."

#### 4—Tax-Free and Trouble-Free

One of the good things about the Free Stock of Los Angeles Gas and Electric is that in California one does not have to pay property taxes on it. That is because taxes are paid by the Corporation. The Union also pays an income tax to the United Government, and for that reason the dividends are free from the normal Federal income

Another good thing about "E. & G." is that it is "trouble-free." There is no worry about the safety of your money, no "hanging" paying borrower, no fussing about business, no keeping on property, no forgetting to city council, put your Preferred Stock Certificate where it will stay safe, and forget it! The dividend checks will come to you just the same—every three months.

Word reaching the harbor last night from San Francisco that the Tala had been delayed at the Tala, left the harbor at Los Angeles Harbor with another crowded crowd of holiday-makers en route to their homes in the Southern California section on the first day on which the company's special excursion rates be-

OFFICERS FIND  
NEWEST METHOD

**Whisky Smuggler Has Most Modern Equipment.**

**Pumps, Pipes and Tanks Part of Elaborate Scheme.**

**Auto and Airplane in Hands of Authorities.**

(SANTA ANA, Dec. 21.—) Customs officials, constantly on the lookout for whisky smugglers, encountered a new method of getting liquor into this country from Mexico when they completely dismantled the body of a beautiful touring car and found an intricate system of tanks, pipes, wires and pumps by means of which it is alleged Berger Johnson, who was arrested and released on a \$1000 bail pending a hearing before the federal court.

Customs officers who made the arrest, said Johnson has devised a system by means of which liquor could be pumped by the motor in and out of the car, or from one portion of the car to another. Three copper tanks, connected by an elaborate system of pipes, were hidden in the body of the machine in such fashion that it was necessary to tear down the entire car in order to locate and take them out.

Eight gallons of whisky were hidden in the tanks, according to the officers. A speedy portion of which was hurried into the air when an attempt was made to get the pump working. Johnson, the aviator, was said to have told the officers, "was not working at it best as yet."

Johnson, as reported by customs officials to own an airplane in Mexico, the plane being held at this time by the Mexican government, pending the payment of taxes upon it.

THESE ARE MAIDS  
OF MODERN WAYS.

(VENTURA, Dec. 21.—) Adam may have delivered Eve upon in the olden days as the old rhyme says. But in these days, Eve is a pretty good "delivered" herself.

The agricultural class at the Ventura Union High School has been working with a tractor. The teacher in charge says that three girls are better hands at the plow than the boys of the school.

The young ladies thus honored are Genevieve Rudolph, daughter of L. E. Rudolph, a building contractor; Nellie Piper, daughter of Dr. and Mrs. O. H. Piper, and Miss Genevieve Johnson.

**OIL BOOM.**

**Dreams of Great Riches**

**at Santa Monica.**

(SANTA MONICA, Dec. 21.—) At last the oil boom has struck Santa Monica. For months—years—it hovered about in a wide area, but with one concern creating a rift within the corporate limits and another about to start operations in the Santa Monica Mountains—both locally financed—real estate in the northeast corner of the city has jumped several-fold in value within two weeks and cabin lots in the back country have suddenly loomed forth as something of untold value.

So acute has the interest become that the City Council has requested the City Attorney to draw up an ordinance to protect the famous Palmdale residential district from the operations of oil-seekers. Reservoir Hill, contiguous to the Palmdale boundary, is the center of interest, and it is there that the rift is going in at present for drilling. Practically everything within a half-mile—acreage and city lots both—have been leased or optioned for oil exploitation.

In the meantime, daily, auto parties go into the mountains north of the city with money all turned up for petroleum, to hunt about. Geologists agree that the oil prospects both in the city district and in certain of the mountain districts are excellent. Lands in both sections have been marketed to a greater degree in six weeks than in six years previously.

**NEW BANK OFFICERS.**

Bishop and William Orr were named vice-presidents, and E. G. Hartley, cashier. After having served the bank as its president for four years, Mr. Marshall sold his interests and retired some months ago. Recently, rumors have been rife that a new bank was to be organized, and that Mr. Marshall was to be part of the concern. His re-election to his old post quieted all reports of the kind.

Life Sentences  
in Penitentiary.

(SANTA ANA, Dec. 21.—) Imprisonment in San Quentin penitentiary for the remainder of their natural life, was the sentence pronounced today by Superior Judge E. B. West for Robert Rosser, age 15, and Charles Handy, age 15, who had pleaded guilty to the murder of Mrs. Anna May Hicksgate at Anaheim Landing, November 1.

Rosser, the lad who admitted wielding the gun, took the sentence stoically, but Handy wept back and forth and showed other signs of nervousness.

Because of the fact that highway robbery was the motive of the crime, Judge West concluded that both were guilty of murder in the first degree.
